MANUFACTURING COMPANY'S IMPROVED SEWING MACHINES,

THESE machines combine all the improvements that have been invested. Their extensive and increasing sale, and the manimous approval and commendation that they have occived, warrant the proprietor's in warnly recommending them. They have been in use sufficiently long to test them thoroughly, and have given entire satisfaction.

Among the undoubted advantages that they possess over all others,

are;

1st. Beauty and simplicity of construction, and consequent freedom
from derangement and need of repairs.

2d. Unexampled ease and vapidity of operation.

3d. Noiseloss movement.

4th. The remarkable perfection of their stitching, and their applicability to a variety of purposes and materials.
